New Plants from Old
How to Multiply Your Plants with Propagation
A Hands-on Workshop

Saturday, March 21 from 10:00 am to Noon
Oasis Amenity Center at 3556 Kirby Lane
Heartland

Cost $10 at the door for propagation kit
(knife, containers, gloves, soil, seeds, and several plants to take home)
Register at 972-932-9069 to ensure kit available.
Door Prizes -- Snacks

Join Kaufman County Master Gardeners for a hands-on workshop on the basics of simple propagation. Take home a basic set of tools and several plants that you will propagate during the workshop.

Seed Starting – Learn techniques for germinating seeds and determining viability of older seeds. The basics of collecting and storing seeds is included.

Simple Division – Learn how to root cuttings from non-woody plants in water and soil. Find out how to divide bulbs and tubers to create new plants.

Cacti & Succulents from Cuttings – Learn about cacti and succulents and the basics of growing them. Start new plants by making cuttings from cactus stems or pads.

Educational programs conducted by Texas A&M AgriLife Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion, disability, national origin, genetic information, veteran status, sexual orientation, or gender identity.

The Texas A&M University System, the U.S. Department of Agriculture and the County Commissioners Courts of Texas Cooperating.

Texas A&M AgriLife Extension is an equal opportunity employer and program provider. Individuals with disabilities who require auxiliary aid, service or accommodation in order to participate in Extension sponsored meetings are encouraged to contact the County Extension office at (972) 932-9069 at least 2 weeks in advance to determine how reasonable accommodations can be made.
